

Northwest Bethel

Clarice Gibson, Corres.

The children had a beautiful week for vacation. The funny part of it was almost every day it seemed the weather man was telling us that we might get snow. Guess with the big storm the first of February and the beautiful week just past the ski areas all had a good week up to Sunday River. Today the teachers are having a Teacher's Workshop so the kids are home. Ricky Angevine, Jimmy MacDougall, Jody Shimamura, Ira Gibson and Robert Saunders are off snowmachining. They took a picnic dinner and hope they all had a good time. The last two weeks have really been, by far, the best for the machines. Quite a few from around here enjoy skiing also.

Pat Saunders was hostess Wednesday to a cosmetic party. Attending were Caroline Gould, Susan Gould, Christine Mills, Sandra Gunther, Pat Pelzel and Judy James. Roberta Saunders was the demonstrator.

Roberta Saunders' birthday was Saturday.

Andy Smith, Dennis Smith and Sue Perry went to Andover X-country skiing Saturday.

Robert and Richard Saunders went to Sunday River skiing Saturday.

Mr. and Mrs. Ricky Seames and Dawn went to a sliding party Saturday. They had contests in sliding races, skiing races and sliding double races. Tommy Gibbs went up and broke trails with his snowmachine before the gang showed up. Some came for the sliding only, but most stayed through for a pot luck supper. Those attending besides the Seames were Mr. and Mrs. Tommy Gibbs, Mr. and Mrs. Joe Shimamura and two boys, Thelma Merrill, Mr. and Mrs. Robert Stearns, Mrs. Jean Grover and two boys, Karen Marshall, Jim Cobb and Preston, Mr. and Mrs. Chuckie Mason and Jennifer, Rev. and Mrs. Smith and two children and Mary Cobb came for the evening. A good time was had by all.

Thursday, Bob Stearns, Debbie and Dawn Seames, drove to Andover for Mrs. Vivian Barlow's birthday. They took up a bouquet of flowers.

Dawn Seames visited Sarah Coolidge Friday while their mother

ers, Debbie Seames and Judy Coolidge visited.

Mr. and Mrs. Frank Aylward are up to their place in West Bethel from Connecticut and visited Mr. and Mrs. Joe Shimamura and Thelma Merrill Sunday.

Mr. and Mrs. Frank Benson visited his sister and husband, Mr. and Mrs. Elliot Brown, Dixfield and another sister, Mrs. Gladys Easter, West Peru.

Mr. and Mrs. Stanley Moore and Mr. and Mrs. Dick Angevine had supper at the Chicken Coop in Mexico Saturday evening.

Mrs. Stanley Moore picked up her mother, Mrs. Dorothy Durgin, Locke Mills, Monday, who had been in Rumford Community Hospital.

Ricky Angevine, son of Mr. and Mrs. Dick Angevine, had his cousin, Greg Newall from Harrison, visiting him Thursday until Saturday.

Kristy Angevine, daughter of Dick and Sue, visited Stacey Witter, Bethel, Friday to Sunday.

Kristy also had her friend, Shari Cole from Locke Mills, stay over Tuesday night.

Mrs. Alberta Angevine has 12 mourning doves come to her feeder every day.

Feb. 19 Ernest and Alberta and others from Bethel left from Mary and Earlon Keniston's to ride over to Evergreen Valley and had a lunch while there.

The 25th Ernest and Alberta and a group went to Grafton Notch area on their snow machines and had a picnic there.

Mr. and Mrs. Dan Hannon and girls went over vacation to visit their parents in Portsmouth and Durham, N. H.

Mr. and Mrs. Mark McCadden and family from Hampton, N. H., were guests of Mr. and Mrs. Dan Hannon Feb. 18 to 20.

Thursday Mrs. Elaine Hutchins had for visitors, Mrs. Tim Hutchins and children from North Windham.

Mrs. Barbara MacDougall goes to Rumford Fridays with her husband, John and spends the day with her father, Dr. James MacDougall. Barbara helps Mrs. MacDougall and Mrs. Doucette with Dr. James, who has been confined to his bed for 12 weeks with a broken hip. Dr. James MacDougall doctored in the Rumford area for over 50 years before his retirement a few years ago.

George wrote us a postcard from Puerto Rico and writes that he intends to be there another week.

Saturday afternoon my folks, Mr. and Mrs. George Allen, Norway, came up to play cards.

Wednesday Gerry Shimamura,

Sunday River

Mrs. R. M. Fleet, Corres.

Julie and Sharon Daye and Bradley Harrington were over night guests of his sister and husband, Mr. and Mrs. Harold Fournier, Portland, Thursday of last week and on Friday they attended the Ice Capades.

There were some of the Floyd Verrill's here most of the week. School had a week's vacation so much travel to the skiway with good weather. Marshall Fleet and David Daye went to Florida Tuesday morning for the week. Jeanine Fleet took them to Portland for an early plane south.

Eva Yates was saddened by the death of one of her brothers.

Mr. and Mrs. Bryce Yates and friends returned Saturday night from a two weeks trip overseas.

This has been a nice week, the snow has settled and the big icicles melted off the roofs.

February 27—Good weather now for past three weeks. What has March in store for us?

Mrs. Carter and Edwick kept the fort in place and the boss arrived Saturday night.

Everyday sees a bit less snow and more running water. Spring must be close.

The toy dog Eva Yates sold chances on was taken to Bear River Grange Saturday night and the worthy Master drew out the ticket for the winner. The name drawn was Jason Yates, three year old son of Mr. and Mrs. Jeffrey Yates. The money was turned over to the Grange as follows: \$8.00 to the OWA chairlady, \$16.00 donated to the regular Grange fund.

Eva Yates thanks all who have sent sympathy cards since her brother's death.

Esther Balentine called at the Yates' Sunday P. M.

STATE OF MAINE
HOUSE OF REPRESENTATIVES
Karen L. Brown

Among the most important issues to be decided in this legislative session is the development of a new school funding law.

In an attempt to develop an alternative to the uniform property tax, Governor James Longley has proposed L. D. 2022, "An Act Relating to the Funding of Education," as a new school subsidy law. Under the Governor's proposal the State would still assume at least 50% of the annually established basic cost of public education, and the local communities, depending upon their ability to raise funds through the property tax, would be responsible for the remaining 50%.

The Governor's bill calls for the distribution of state aid to each school unit in an amount to be determined by what he has called the "subsidy index." The subsidy index is simply a property tax mill rate which, if applied to all taxable property in Maine communities at 100% state valuation, would yield no more than 50% of the basic cost of education for the year in which the appropriation is made. The "subsidy index" would be used only as a basis for determining the level of State assistance each school unit would receive.

This week end I was in Boston as a guest speaker at the Council of State Government Eastern Regional Conference which held a special meeting on ski operator liability insurance. As the sponsor of one of two existing laws in the 50 states limiting the liability of ski operators and defining the responsibilities of the skier, I was invited to address the conference on this important issue.

ter dean's list at Colby College in
Waterville. A Sophomore majoring
in Spanish and mathematics, Miss
Fiske is the daughter of Mr. and
Mrs. Albert J. Fiske, and a gradu-
ate of Telstar Regional High
School.

\$10,000. Total Health, Welfare and
Sanitation \$43,507.
As the amount for employee re-
tirement has not yet been ap-
proved, a total budget figure is not
available. However, if last year's
retirement appropriation is used,
the total budget would be \$362,164,
which represents a \$125 increase
over 1977 appropriations of
\$362,039.

The Budget Committee has also
recommended the use of \$110,000
from surplus, \$53,007 from Gen-
eral Revenue Sharing, \$15,000 from
Anti-Recessionary funds and
\$4,058.75 from excess 1977 In-
ventory Reimbursement monies to
reduce the amount to be raised by
taxation.

Ordinances concerning Solid
Waste Disposal and Street Design
and Specification Standards will
also be considered at Town Meet-
ing. More detailed information on
the budget and the Town Meet-
ing Warrant will be in the Town
Report which will be available
sometime during the week of
March 6. Citizens with questions
about the budget or any article in
the warrant should feel free to

**SNOW BLOCKING HOME EXITS
SHOULD BE REMOVED**
—SAYS STATE FIRE MARSHAL
Citizens could be trapped in
their homes in the event of a fire
if they have not removed snow
from doorways, the State Fire
Marshal said recently.

"With the excessive amount of
snow we've had, citizens are urged
to clear all snow from storm
doors so there may be a second
means of escape if there was a
fire," said Captain Donald M. Bis-
sett, State Fire Marshal, Maine De-
partment of Public Safety.

Assets said citizens, in certain
areas of Maine, are leaving the
front door area blocked with snow.
He said if there was a fire in the
kitchen area, residents would lack
another means of escape.

And, the State Fire Marshal cau-
tioned citizens to keep all door-
ways cleared, especially during
winter when many homes have
storm windows that cannot be
easily removed for escape in the
event of a fire.

M.W.P.G.M., J. H. Drummond of

packed with brother Masons and
their wives, together with many
visiting brethren from other lodges.
Music was performed by Miss
Annie Mason on the organ and
Bro. Sec. Barker and other as
vocalists, and sounded very sweet-
ly. A beautiful oration in the eve-
ning on the subject of Masonry
by Bro. Drummond in the Con-

and a full house and appreciative
audience, after which a quiet ban-
quet at the Bethel House and a

PRENATAL CARE
Dr. Stephen J. Garbarini
Chiropractic has an enviable
record in prenatal care. Morning
sickness, loss of appetite, low back
pain with complicating leg pains,
nervous and anxiety symptoms,
and in many cases the long
hours of excruciating pain known
as labor, may be avoided or great-
ly relieved by regular chiropractic
care through the prenatal months.
Every expectant mother owes it
to herself and to her unborn child
to have regular chiropractic care
through her pregnancy to insure
that her body remains free of
nerve pressure, thereby increasing
her ability to make adaptations
and changes called for in normal
pregnancy. This care has a two-
fold benefit, first it protects the
mother's health, reduces the ad-
verse effects of pregnancy, and
it helps to insure faster recovery
after delivery; second, it helps to
insure a healthy, strong baby and
helps to give the infant a better
start in life by reducing the chan-
ces of a complicated delivery.

WALKING WITH JESUS CHRIST
Trash or The Bible
Remember the three little mon-
keys? "Hear no evil, see no evil,
speak no evil"—these fellows, one
with hands clasped over his eyes,
one with hands over his ears and
the other with his hands on his
mouth—while it seems a good idea
to close our ears and eyes to much
of the things about us—we find it
quite necessary to hear and see.
The big difference is what we
hear and see that reflects the
words and actions of our lives.

There's a difference between a
person that absorbs trash and
the person that endeavors to keep
his or her mind on good things.
Our minds thrive on our intake—
a diligent reader of our Lord's
Word as Ps. 12:6 says "The words
of the Lord are pure words: as
silver tried in a furnace of earth:
purified seven times." Prov. 2:6:
"For the Lord giveth wisdom: out
of His mouth cometh knowledge

WEST BETHEL CHILDREN'S CENTER

What a busy week at the Center. Many wonderful activities are underway including saving, playdough, food and nutrition games, cut and paste pictures, and a science experiment to find out more about water.

Seth Sharp is our star of the week. We also have a new face here at the Center. His name is David Larrabee.

Special thanks to Ray Moran and the staff at the Bethel Savings Bank for the use of their facilities for our most successful bake sale. Thank you also to Bethel IGA, Cluckey's Pharmacy and Brown's Variety Store for letting us put posters up in their businesses. Many thanks again to everybody who baked goods and supported us in this effort. Over \$50 was profited.

A special dance will be held on March 4 at the Bethel American Legion Hall from 8 to 12 midnight to benefit the center. Sammy Chapman's band will be playing and here's hoping you all turn out and make it a grand evening.

We desperately need a bus driver to take home some children at 1:00. You will get your mileage paid for. Any member of the community interested in this job should call the Center at 836-3700 and ask for Martha or Sandy.

Also, Oxford County Community Services has several openings for senior citizens (age 55 or older) to work under CETA. Anyone in the community interested should contact the South Paris office and ask for Tina Stevens.

Parents—we will be having the next parent meeting on Tuesday, March 7. If you need a ride contact Martha. Hope to have a good turn out from both day care and Head Start families.

Eveline Barrett has a new dryer now that winter's gone. Mr. and Mrs. Danny Paine and family moved into their new home Feb. 19. It is located a short distance from the old house.

Town meetings are next on the agenda, so spring must be close at hand. The snow is settling fast and I hope our snow storms will be few in the month of March.

The property of Mr. and Mrs. Poland has a For Sale sign on it and several people have already looked at it.

Callers at Lawrence's: Lena Kangas, Maurice Benson, Fay Eastman, Angela and Karen, Dot Smith, Michelle Dean, Mr. and Mrs. Pete Lawrence, Marie Kuvaja, Elwin Ellings, Mr. and Mrs. Albert Penley Sr.

The sympathy of our community is extended to Rev. Carl Stevens and his family in the passing of his wife, the former Barbara Rowe a former resident here.

The school children had a wonderful week. The ski slopes and all must have had a good time. Neal Cohen's sister, Ruth, from Massachusetts, spent a few days of her vacation at the Hyam home.

Some men working for the Forest Service were on Mt. Caribou the past week. They reported a large flock of hawks there, feeding on the buds on trees. They were likely heading for some of the southern states for the winter months. Reginald Gilbert, one member of the crew, found a tiny owl. **ADULT EDUCATION NEWS**

M. S. A. D. #44

Wednesday evenings at S. A. D. #44's Adult Education Classes, Rodney Abbott is taking his students back into time and history. Rod has the ability to make his students use their imagination and relive history as it happened. They find there are two sides in all periods of history, and then become involved with debates and discussions as happened in a recent class on American Slavery. With Rod's skillful guidance the students make the historical events come alive.

During this present fifteen week course the students will be involved in America's Westward Expansion and its discoveries of new lands and territories, its hardships and ways of life. The building of towns and cities, and the forming of societies. They will discuss the rise and fall of big business; the story of immigration into this country and its problems; how America became known as the Great Melting Pot of the World. Rod will include the period of World War I and discuss the rise and fall of the German Empire and its effect upon America and its people.

It is Rod's wish that he can instill in his classes a lasting interest in American History and that the student will continue to explore the realm of History as he is living it today.

Rod holds a Masters Degree from the University of Maine and has been teaching at Telesar for the past seven years. He has had teaching experience at Buckfield, Livermore and Oxford Hills and is a resident and native of West Paris.

Greenwood City

— Mrs. Colista Morgan, Corres. —

Our blacksmith, night has forged a full moon above the mountain's rim. Soft shadows outside my windows make markings on the snow. It might be like a theme from Currier and Ives. The road engraves itself in curving lines of grace. My clump of pines makes a dark green accent on the lawn of gray slate. The moon casts a glow of prints of my snowshoe tracks where I went today to ramble for a couple of hours.

I followed the tree lined avenue of the bulldozer road for a few moments, to the point where it ceased to be a road and became a field. I crossed the wire fence, easy at this time of year, and went up the hill.

I breathed the fresh air but was also aware that there could be snares to entangle me. I have experienced sudden falls on a bit of slippery crust or tripped over unseen stubs.

"So often I've climbed to the top of the hill
To look at the world I adore,
And here I have found a peace
I can keep.

A faith each heart searches for,"
Garnett Ann Schultz
As I came to the first apple tree, there was my squirrel friend unconscious of his charming way of frisking about. He's an acrobat of his small world, head down and bushy tail on his back. His bright eyes are liquid pools. He is alert and wise and when he hears some noise he stays long enough to listen with care then up a tree he goes.

I looked to the fir clad hills that lifted their heads where sunlight spilled its glory.
I have a great love for brooks

so my plan was to visit one today. In fact I like all bodies of water from the ocean to the smallest puddle. Many times when Ruth and I have hiked in the mountains during the summer and have heard the secret gossiping of a stream we have followed its call and did not rest until we found its hiding place. Then face to face we viewed the splashing or torrential stream. The small ones talking as a child. The torrential, thundering between steep stones and forming ice cold pools in rocky basins or plunging in snowy foam. But I also like the little brooks, shallow, silvery, protected by overhanging trees. The one was covered in places and open in others. It shouldered itself forward flowing more swiftly over the stones and moss, as I followed it up the hill. In chambered hollows there were multitudes of

clustered icicles, amid which pale, light shimmered. Water dripped and tinkled while from underneath the ice and snow came strange murmurings. Frosty beauty!

I leaned against a boulder to loaf for a while. I could look to the little brook then peer through the depths of the trees to the blue above. The young trees were more numerous and exuberant standing in beautiful family groups, or crowding around the giants. All pressed together in lovely lines, showing their strength from the ground to their domed heads in the sky. I felt no weariness, but sat to gaze and listen, at leisure rather than at rest. One revolved in a scene like this and time goes by unmeasured.

After a time I moved on to where the spring lilacs grow and even found it easy to go out onto "Lake Rock". How grown up it

has become since the days I used to visit it with my nephew.

Now I was in the field again looking down where the houses were visible and slanting sheets of sunlight brightened each one.

At such a time as this, Ned Nichols, is to know a deep contentment, An unearthly kind of bliss.

I checked my watch and found most two hours had passed so I turned toward home through the woods at my left.

Winter opened its door with its first snowflake and will stay until the last flake is swallowed by the thirsty soil. But... the pussy willows are out.

Mr. and Mrs. Leonas Hoyt were in Windsor on Sunday to visit their son, Robert, and family.

Duane Hayes and children, West Paris, and Ardell Hayes, Auburn, were with Mr. and Mrs. Roland

Hayes on Saturday. Son, Erwin and family left for their home in New York on Wednesday afternoon.

We visited with Ernest and Ina Mundt in Bethel on Wednesday afternoon.

Mr. and Mrs. Frank Curtis had as callers this week Bob and Judi Leeper and son, Jordan, Wareham, Mass. They were at their camp over the week end. Lucy Briggs and son, Tommy, West Sumner; Mildred and Donald Bowman, Harry Mayberry, Helen Martin, Oxford; Irene Stevens, Augusta; Kathy Curtis, Local.

Ann Holt returned to U.M.O. on Wednesday morning after a few days with her parents.

Several from here attended the services for Elmer Hayes on Wednesday morning.

MR. AND MRS. FAUDI RECEIVE CALL FROM SAUDI ARABIA

Mr. and Mrs. Phillip Faudi, Paradise Street, were pleasantly surprised late Sunday night to receive a telephone call from Mrs. Faudi's sister, Mrs. Donald Hammel, from Saudi Arabia. The call came at about 12:30 a. m. (Monday morning) but due to the 16 hour time difference Mrs. Hammel had just got her family off to work and school. She is the former Marilyn Boyker, a Bethel native, and with their four children, has accompanied Mr. Hammel while he is on the U. S. Army.

The family enjoyed a four day visit in Rome while enroute to their new assignment and have also seen many Middle East ruins and treasures from ancient cultures, including some stone tablets which were smuggled out of Yemen. The children attend school and are all studying Arabic. Incidentally, Mrs. Hammel reports that gold is relatively inexpensive in Saudi Arabia, especially when compared with other prices which are about 300% above those in the United States.

Real Estate by PAT EARLY REALTOR

Pricing Your House Right The value of your house is not what you think it is—or what the buyer thinks. It is determined chiefly by the location, the neighborhood and the current market. An overpriced house sitting on the market for months becomes almost impossible to sell. So first you must get in line with the market. That means a realistic appraisal.

Nobody—but nobody—is more acutely aware of the current housing market than your local Realtor. A capable Realtor can bring in his own appraisal expert or even a team of salesmen who will individually price your home and then reach a fair consensus. Or you can hire

a qualified independent appraiser. You may be pleasantly surprised to find out that you were intending to price your house for less than its fair market value.

If possible, your price should include curtains, draperies, refrigerator, air conditioners, dishwasher, built-ins. It's a better package deal and may hasten the sale.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!
